lrozenau@kilpatrick.se

Lukas focuses his practice on construction and consultant law and on dispute resolution. Lukas' experience within these areas includes ongoing project consulting, drafting and reviewing contracts as well as providing legal advice in disputes with extensive technical evidence and several technical experts. Lukas is recommended by the ranking institute The Legal 500 Europe (EMEA 2025).

Experience:

- Advisor and counsel in construction disputes before courts and arbitration tribunals.
- Counsel for a multi-national contractor in court proceedings against the client in one of Sweden's most extensive environmental remediation projects.
- Counsel for a client in court proceedings against the contractor regarding works performed in a combined heat and power plant.
- Counsel for a European contractor in court proceedings against a subcontractor regarding maritime concrete works.
- Counsel for a client in arbitration against the contractor regarding the building of a logistics facility.
- Advisor for a property developer regarding an extensive housing project, including contract drafting, questions of liability and health and safety matters.
- Advisor for a housing company on a number of inter-connected projects concerning housing, commercial
