Mattias Ersson works primarily with dispute resolution as well as Construction and Consultancy Law. Mattias has experience as legal advisor to Swedish and international clients in complex construction and infrastructure projects. He works both with project advice in ongoing projects and as counsel in arbitrations and litigation proceedings.

Experience:

- Represented Swedish and international construction companies and public entities in disputes; both in arbitration and litigation proceedings.
- Provided legal advice for several ongoing complex construction and infrastructure projects, representing construction companies and public entities.
- Drafted and reviewed construction contracts for construction and infrastructure projects.
- Represented Swedish and international companies in commercial disputes in arbitration and litigation proceedings.
